

NEWS AND GOSSIP OF STAGE AND SCREEN

Varied and Interesting Programs Are Offered in the Local Theaters.

Clara Kimball Young, the screen star supreme, appears in the first of her own productions, an adaptation of Robert W. Chambers' novel, "The Common Law," today and tomorrow at the Orpheum theater. This picture is expected to prove the greatest of Miss Young's many successes and is particularly interesting in the fact that it inaugurates the Clara Kimball Young Film Corporation, the first production organization ever created in the name of a woman screen star.

The production was screened under the direction of Albert Capellani, who has produced a number of Miss Young's finest pictures, including "Camille," in which Miss Young scored her greatest triumph to date. Mr. Capellani has surrounded Miss Young with a remarkable cast. The leading male role is played by Conway Tearle, one of the best known of the younger stage stars of the day, while Paul Capellani, who has supported Miss Young in several of her pictures, will be seen in another powerful presentation. Others in the cast are Edna Hunter, Lillian Cook, Julia Stuart, Edward M. Kimball, Lydia Krot and D. J. Flannigan. The special musical setting will be provided by Mrs. May Richardson on the great pipe organ.

Joseph Brooks is making negotiations for the production in London next season of "His Majesty Bunker Bean," with Taylor Holmes and the original company.

Clara Williams soon will make her long heralded debut as a full-fledged star, when she is presented by Thomas H. Ince in a strong Triangle-Kay film play by C. Gardner Sullivan, entitled "The Criminal." Co-starring with Miss Williams is William Desmond, the popular matinee idol, who has been seen to advantage in many Triangle successes, and the combination is declared to be among the most effective yet offered by the Ince studio. The play recently was completed at the Culver City plant and is slated for an early release.

Mabel Garrison is appearing in New York in the special performance being given there of two of the operettas of Mozart which have made a great impression.

Mary Charleson, who plays in support of Henry B. Walthall in "The Truant Soul," now being filmed in seven acts by Essanay, was born in Ireland. She comes from a family of actors, her father having been one of the best known actors in Europe before coming to America when she was but a few years old. Her girlhood was spent in California and her first stage experience acquired in stock in Los Angeles. She has since appeared in musical comedies and other stage productions. She has long been a photoplay star, also.

Auriol Lee, who is making a hit by her clever work as Dame Quickly in "The Merry Wives of Windsor," was last seen as the heroine of the English comedy of three generations, "Milestones."

"The Madness of Helen," a new World Film play in which Ethel Clayton and Carlyle Blackwell have the star roles, contains certain "double exposure" effects which are said by experts to be entirely without precedent. The hero of this screen drama is a literary man who gets \$1,000 apiece for his short stories, showing he is some literary man.

Gerard's "Record Breakers" will be the attraction at the Palace theater the last three days of this week and Armstrong's "Carolina Lilies" will play at the Odéon for the last half of the week. This change is made for the reason that Gerard's "Record Breakers" is a larger company and it is impossible to use all its scenery on the Odéon stage. There will also be a change of program again tomorrow at the Palace.

Carlyle Blackwell and Doris Kenyon in "The Ocean Waif."

The feature at the Grand today is a late international release, "The Ocean Waif," starring Carlyle Blackwell and Doris Kenyon. This is the first run of this picture in this vicinity. It is a brand new print. A splendid comedy.

Lee Harrison, the well known comedian, died suddenly while visiting friends at Stamford, Ct. He was identified with the old Hoyt comedies, being the original Grimsby in "A Bunch of Keys." Last year he made a tour of Australia in musical comedies.

That startling originality is what she strives for in the designing of the gowns she wears on the screen is the statement of Louise Glum, the voluptuous "vampire" of the Ince-Triangle forces, whose sartorial creations have excited comment in all parts of the country. "I am always to make my costumes distinctive," says Miss Glum, "for distinctiveness makes for attention."

OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in West Virginia, Pennsylvania and Ohio.

At the present time all districts in the eastern field, except the Dent's Run pool in Mannington district, Marion county, are furnishing nothing better than light producers. The indications for an increase in production are so more favorable than at any time during the year. In all sections development work is reviving, but the kind of territory under development is not such as to produce large wells. The Dent's Run pool may be able to show an increase in production and the only other district is the Berea grit field in Cabin Creek district, Kanawha county.

F. W. Bartlett's No. 3 on the Z. E. Batson farm, on Dent's run, is declining but not rapidly. The last twenty-four hours' gauge showed a production of 1,792 barrels. The other five good producers in the same district produced 814 barrels. The next well was at the Belmont Oil Company's No. 25 on the John D. Hays farm. The Hope Natural Gas Company is also due at a test on the G. W. Kinsey farm.

Duster in Braxton County. On Long Shoal run, Salt Lick district, Braxton county, the South Penn Oil Company drilled No. 7 on the L. W. McNair farm through the 20-foot sand. The location is 600 feet north-east of No. 1 and it is dry. In Tug-Mile district, Harrison county, Carter and Sheets drilled their test on the Amanda Bailey farm into the Big Injun sand and developed a gas well with a capacity of 2,000,000 cubic feet a day.

In McClellan district, Doddridge county, located on Coon run, the Philadelphia Company completed No. 4 on the A. C. Miller farm and is showing for a fifteen-barrel producer in the Big Injun sand. On Spillies creek, Smithfield district, Boone county, the Leocott Oil Company has the rig completed for No. 7 on the Louisa J. Harris farm.

In Trow district, Gilmer county, the Hope Natural Gas Company completed a second test on the Samuel Rymer farm. It is a good gusher in the Gantz sand. In the same district, the

same company is due in the sand at a test on the William Cole farm. The Carter Oil Company's No. 3 on the Connelly heirs' farm is a ten-barrel producer.

Light wells are now the rule in the Weir sand development in Elk district, Kanawha county. On Pinch creek, 800 feet northeast of No. 2 on the G. B. Myers farm, the Ohio Fuel Oil Company completed and shot No. 3 on the same farm and is showing for a seven-barrel producer. On the same stream the United Fuel Gas Company has started to drill No. 5 on the Editha J. Gillespie farm.

Gassers in Ritchie County. On Cabin run, Grant district, Ritchie county, the Hope Natural Gas Company's test on the Robert L. Cain farm is a gasser in the Berea grit. On Cain's run, Murphy district, the same company's test on the Roy Wase farm is a gasser in the Big Injun sand.

More Tests Starting. On Falling Rock creek, Big Sandy district, Kanawha county, the Omar Oil and Gas Company has the rig completed for a test on the Goshorn heirs' farm. On Kelley creek, Cabin Creek district, the Cabin Creek Gas Company is drilling two tests on the David Ward heirs' farm. On the same stream and in the same district, the United Fuel Gas Company completed a test on the Nellie R. Thompson farm and has a gasser.

Southeastern Ohio. On the Ohio side in Jackson township, Noble county, located in shallow territory, E. L. Hutcheson and Company drilled No. 4 on the Samuel Boone farm through the 500-foot sand and it shows for a ten-barrel producer. In the Reas Run district, Independence township, Washington county, W. E. Sykes and Company have started to drill a test on the J. Bliss farm. In the same locality Goldish and Company are drilling a test on the T. S. Bliss farm. Goldish and Company have the rig completed for a second test on the T. S. Bliss farm. In the Mackburg district, Noble county, Lee and Moseley have completed a test on the J. Noll farm and it is dry in the 500-foot sand.

Southeastern Pennsylvania. Light wells are the offering in the southwest Pennsylvania fields. On Big Sewickley creek, Allegheny county, F. J. Wright and Company drilled a second test on the G. Henri farm through the boulder and it shows for an eight-barrel producer. In the Duff City field, the Hazlewood Gas Company completed No. 15 on the Duff heirs' farm and it is not good for more than three barrels a day in the thirty-foot sand.

Near Clinton, Allegheny county, Irons and Company swabbed thirty-five barrels from their well on the Best McCullough farm last Monday and eight barrels on Tuesday. It has not been drilled any deeper since it began to show oil. North of Ferguson pumping state the American Natural Gas Company is due to get the sand tomorrow at a second test on the Joseph Berry farm. The same company is drilling at 1,200 feet at a test on the Campbell farm, located near Undercliff, on the Kittanning pike, north of Cross Keys, Ct. L. Flacore is drilling in the Gas Run district and at a test on his own farm.

Her Son Subject to Croup. "My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mother never need fear this disease if they keep Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.—Advertisement.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding kidney and bladder diseases.—Advertisement.

Krew-Pina The New and Better Household Remedy

Wherever you have an ache or pain, that's where Krew-Pina ought to be. It is absolutely the best all-around household remedy ever put on the market. And you buy it under our guarantee of complete satisfaction or money back.

Krew-Pina is a healing salve—yet entirely harmless—no dangerous element of any kind. If your children have the croup, Krew-Pina gives them quick and sure relief. Rubbed on chest or throat, Krew-Pina is excellent for colds, coughs and other infections of the air passages. Applied in time, it often prevents pneumonia. Muscular rheumatism and sprains are treated more successfully with this wonderful preparation than with any other similar remedy and many a bad headache can be stopped merely with an application of two. Better than poultices and liniments of all kinds in every case.

At your dealer's—for 25 cents. Krew-Pina is manufactured solely by The Krew-Pina Co., Waynesburg, Pa.

STATE OF WEST VIRGINIA: A Proclamation. By the Governor, I, Henry D. Hatfield, Governor of the State of West Virginia, pursuant to the Constitution of the United States of America, and of the law of this State, do hereby issue this my proclamation, announcing to the voters of the State of West Virginia, that on the Tuesday next after the first Monday in November, in the year one thousand nine hundred and sixteen, an election will be held, held and conducted throughout the State of West Virginia, at the various voting precincts thereof, for the purpose of choosing eight electors of the President and Vice President of the United States.

Given under my hand and the Great Seal of the State, at the City of Charleston, on the first day of September, one thousand nine hundred and sixteen, and of the State the fifty-fourth.

HENRY D. HATFIELD, Governor.

STUART E. REED, Secretary of State.

MRS. JOSEPH VELTRY

WHO MYSTERIOUSLY DISAPPEARED THREE WEEKS AGO FROM THEIR HOME AT HAYWOOD.

Joseph Veltry, a coal miner, of Haywood, is conducting a wide search for his wife and their eight-months-old baby who mysteriously disappeared from their home at Haywood three weeks ago. He came to Clarksburg and made further arrangements for the search, including the offer of a cash reward of \$25 to any one who will give him information as to where his wife and baby are. The missing woman's given name is Carrie. She is rather small, weighing only about ninety-five pounds. She has black hair and black eyes and has a very dark complexion. Her baby has black hair and eyes and is very small for its age. The distracted husband believes his wife has been enticed away by another man. He has appealed to police authorities to aid him in his search with the request that she be arrested if found, as well as any man who may be with her.
